

Registrations regulation R1 – Registration formula

Education and professional systems in Europe vary considerably. Their standing is judged by EurEta by the potential competence of the professionals emerging from them. Different systems can coexist and different systems may give the same engineering competence.

Nationally acknowledged titles of the registered professionals shall not be affected by the EurEta title.

If an Education meets the **green field** then they can apply to register as a EurEta registered professional or EurEta registered Engineer.

To be registered as a:

- **"EurEta registered Professional" - "Professional EurEta" ***
- * Different type of Title, according to Registrations policy R2. See Appendix 2
- **"EurEta registered Engineer" - "Ing. EurEta"** reserved for the professionals studied a technical field

must be following **minimum** requirements per UNESCO 2011 Global Level fulfill:

A + HE + 2EX

or

B + HE + 3EX

Where the abbreviations stand for:

A: Upper Secondary vocational education (ISCED 35)

B: Upper Secondary general education (ISCED 34)

HE: min. 2 years fulltime or 3 years part-time study on tertiary education

EX: A year of attested and relevant and responsible experience assessed and approved by an official body.

At the conclusion of the study with age over 30 years, the required EX are credited

Minimum Years	< 2 y. fulltime < 3 y. part-time		≥ 2 year fulltime ≥ 3 year part-time				Limits Years
			Higher Education
